Hi, Jannine and Beth –

Below is a preparatory draft email for sending to folks on the EMF GovDelivery (or other?) email list to announce the open houses. It's basically a cannibalization of what I sent to folks when announcing the Duwamish ROD community open houses/info sessions. Could you please fill in the gaps, since I'm not fully sure what the scope/purpose of the open houses is (it's solely to inform folks about the 5-year review and of the planned site work for the coming year, as well as Simplot's proposal expand the gypsum stack to the northwest? or...?) ?

You're invited to come learn about the \_\_\_\_\_ on the cleanup of the Eastern Michaud Flats Superfund Site!

EPA is hosting two community open houses where you can come and get information and updates on the \_\_\_\_\_ for the Eastern Michaud Flats Superfund Site. We will be available to discuss ..... and what is next in the cleanup. Questions and feedback are welcome. Please share this announcement with your organization members, neighbors, community members and others.
